

Study Fairs in Germany

Meet prospective students at the undergraduate and postgraduate study fairs in spring 2022

Dear Madam or Sir,

This spring we will organise our BACHELOR AND MORE and MASTER AND MORE fairs again. After the long break, we are happy to offer higher education institutions and prospective students an event to meet in person again.

The BACHELOR AND MORE and MASTER AND MORE fairs are the ideal place to **make contacts, expand your network and find suitable applicants for your degree programmes.**

Present your institution and programmes as an exhibitor at the study fairs in Germany in April and May 2022:

The fairs offer you full-service exhibitor packages, enabling you to fully concentrate on one thing during the fair: **connecting with prospective students!**
